FEATURE HIGHLIGHTS

Powerful Rotax Engine

The new Rotax ACE 650-cc single cylinder engine is built to exceed expectations. With 52 horsepower and 41 lb-ft behind it, this engine delivers responsive power and torque from the moment riders put their hands on the wheel.

Powerhouse on Wheels

Towing capacity is one thing—the Can-Am Commander DPS 700's astounding 2,000 lb (907.2 kg) of it is another. Naturally, that's best in its segment.

Toughness in a Tire

The Can-Am Commander DPS 700 sits on 27-inch XPS Trail Force tires. These tires are built to perform well in all conditions. Weather shouldn't get in the way of a ride: it should encourage one.

Styled for the Long Haul

For the driver, an adjustable seat and tilt steering wheel. Passengers enjoy wider opening half-doors and comfortable bucket seats. It's a big world out there—the Commander DPS 700 is ready for it.

Big Where It Counts

At more than 8 cubic feet and with a 600 lb (272.2 kg) capacity, the largest dumping cargo box in its class laughs in the face of dirt, mulch, rocks, and more.

Anti-Theft Protection

A ride this special deserves heightened security. Encrypted chip technology—one vehicle, one key, one code—restricts access to only the owner. The electronic ignition system and ball-and-socket key design team up for a reliable wireless connection. Additional keys, programmed for other riders, can be added at any time.

Trip Info at Your Fingertips

The 4.5-inch digital display keeps the Can-Am Commander DPS 700's crucial information at hand. Features include speedometer, gear position, temperature, engine lights control, electronic fuel gauge, clock, and more.

FEATURE HIGHLIGHTS

Powerful Rotax Engine

The new Rotax ACE 650-cc single cylinder engine is built to exceed expectations. With 52 horsepower and 41 lb-ft behind it, this engine delivers responsive power and torque from the moment riders put their hands on the wheel.

Uncompromised Comfort

Trip Info at Your Fingertips

Everything needed to control the perfect ride is on the Can-Am Maverick Trail's 7.6-inch (19.3 cm) digital screen. At that size, it's readable in all conditions and puts all the vehicle's information and controls at the tip of the driver's gloves.

Suited for Adventure

Strong, well-engineered, and braced for battle. A profiled steel cage, integrated front bumper, and full skid plates give the Maverick Trail a set of armor for the trails.
